## **PART TIME CORE CLASSES (M-TH)**

We treasure all of our students, to include those that choose to attend part-time and homeschool part-time. Family is of infinite value and worth and we wholeheartedly support the decision to attend CCA part-time. As a result, our teachers are willing to go the extra mile of communicating with parents of part time students about assignments, working hard to keep part-time students on track in lessons with full-time students, and answering any questions that may arise while students are at home when they return to campus. Because we ask our teachers to provide this support to our part-time students outside of their regular work duties, we cannot provide a discount for part-time attendance at this time.
